Restoration of the canteen of the Bobryk Gymnasium as a result of russian aggression

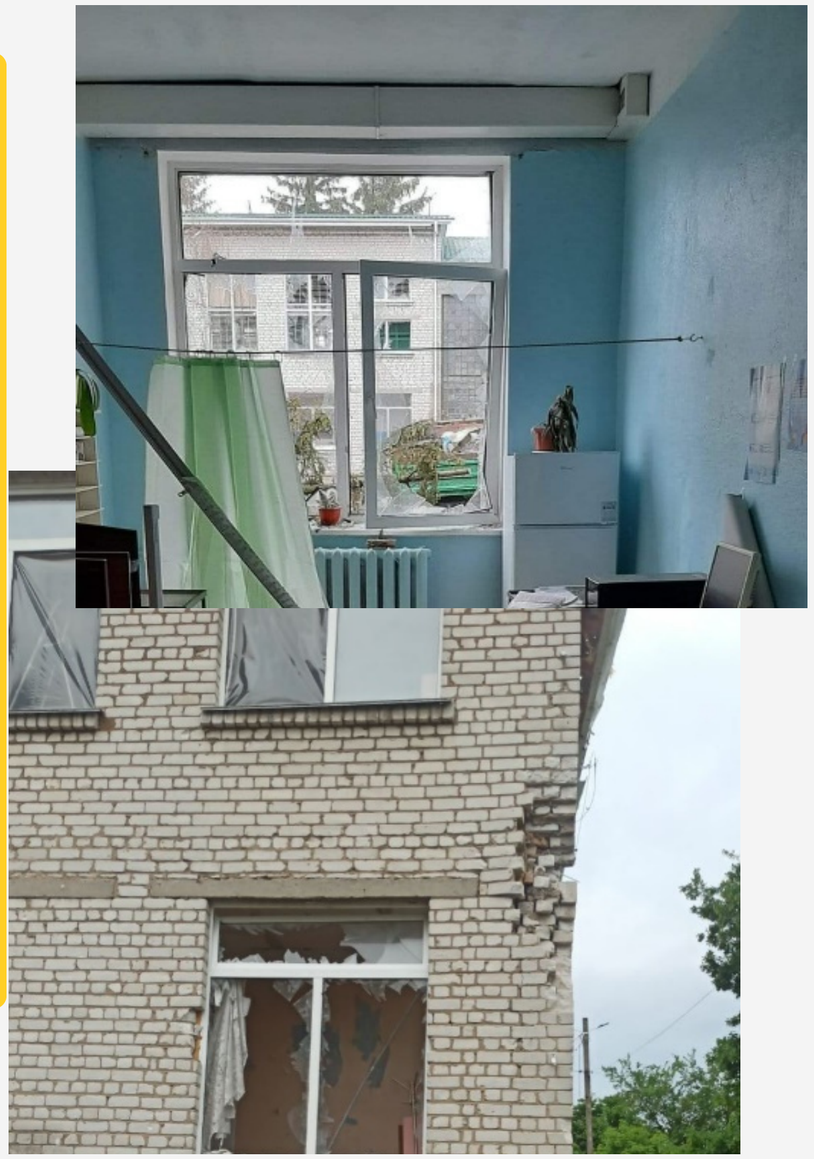
"From restoring the school canteen to preserving the physical health of children"

THE CONSEQUENCES OF THE OCCUPATION

WE DREAM OF HEALTHY FOOD

PURPOSE OF THE PROJECT

Restoration of the dining hall for full-fledged healthy nutrition based on the physical component of health, taking into account accessibility and inclusiveness in the educational institution.



TASK OF THE PROJECT

1.Restoration of the dining hall

2. To start full nutrition of gymnasium students

3. Renew the extended day group with food

4. Restoration of emotional and physical strength of students, which will increase their working capacity.

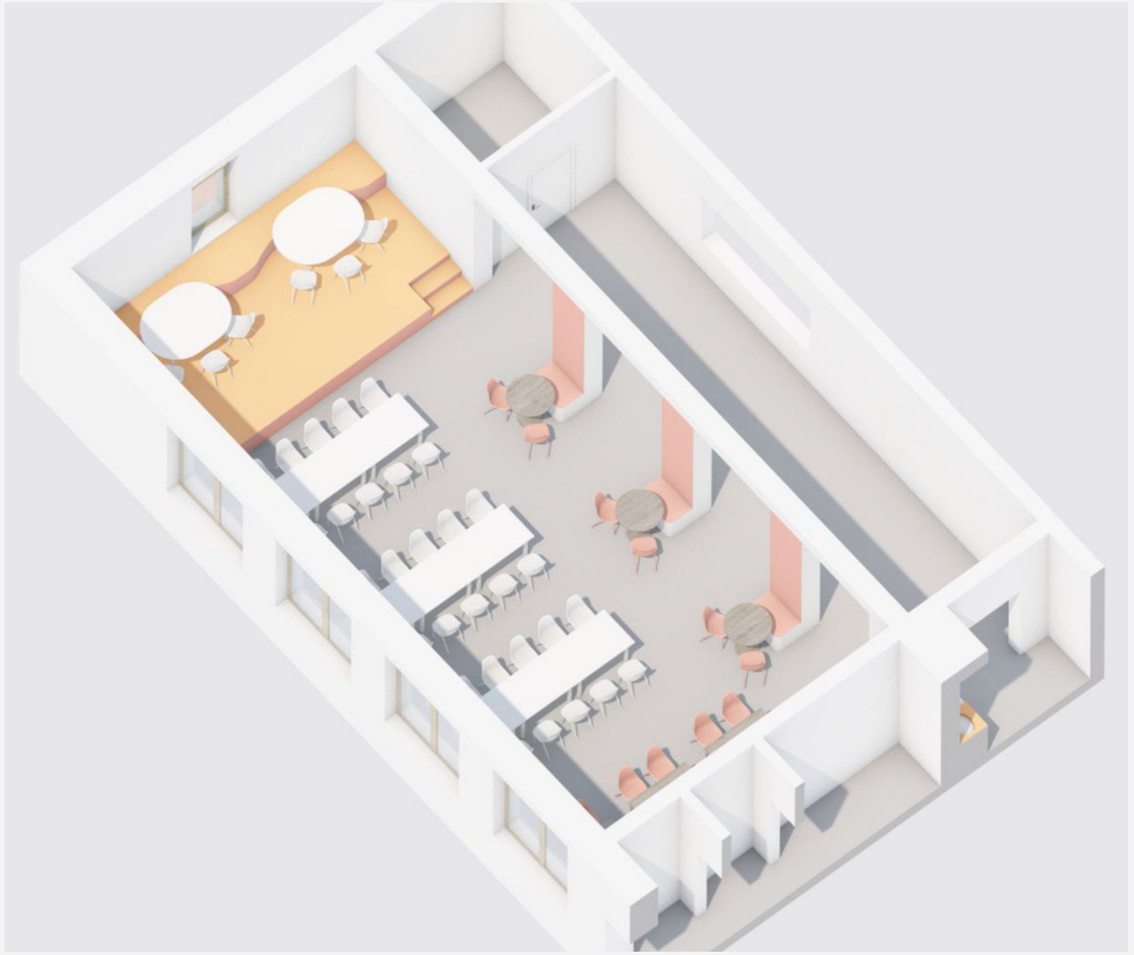
TARGET AUDIENCE OF THE PROJECT

- Internally displaced persons;
- Categorical children;
- Gymnasium students;
- Gymnasium teachers;
- Employees of the gymnasium.

EXPECTED RESULTS OF THE PROJECT

1.The dining hall will turn into a modern area for eating, relaxing and comforting.

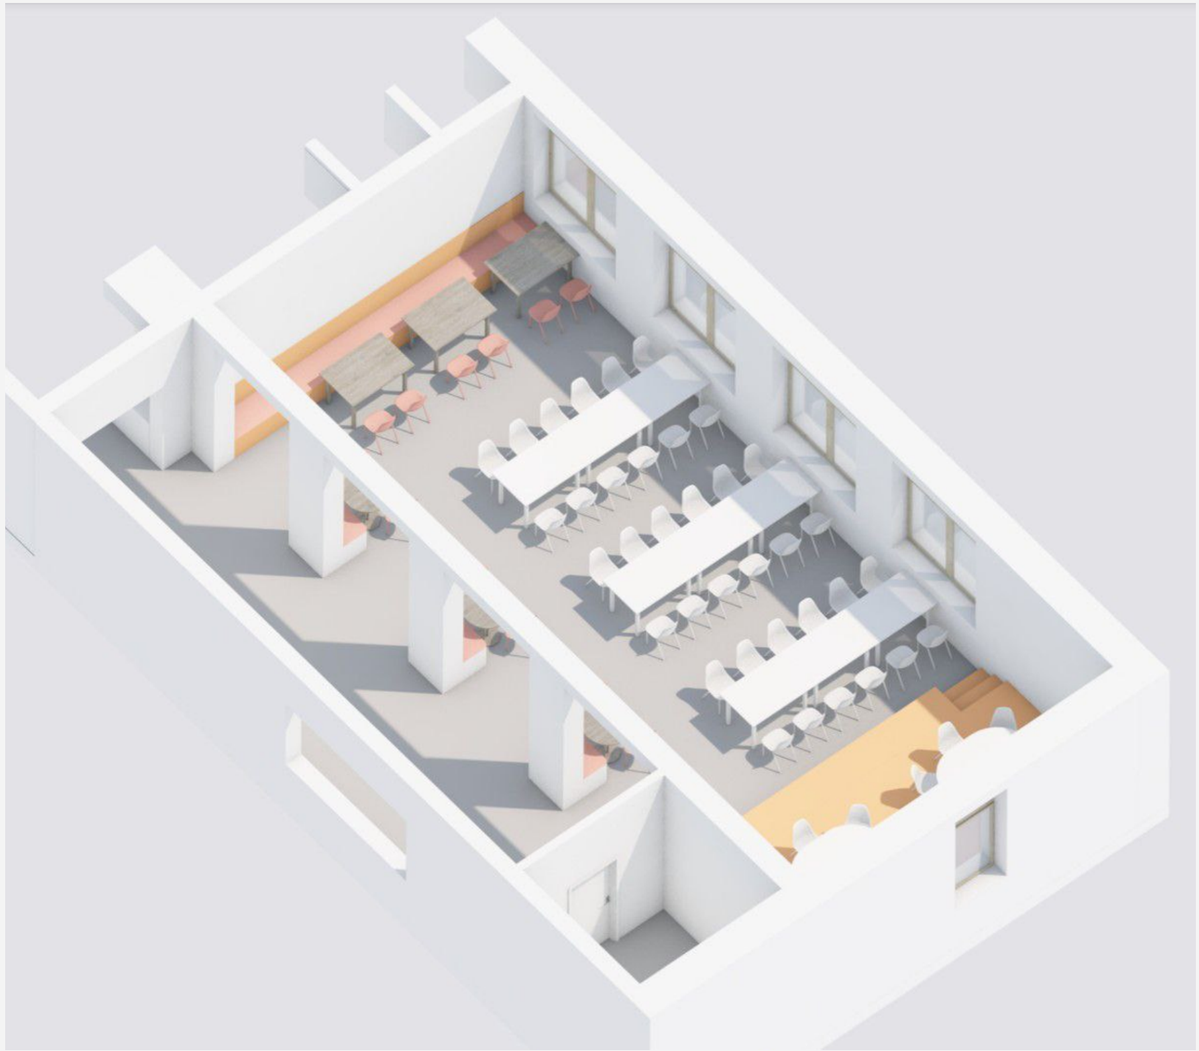
2.The premises will be updated thanks to high-quality repair materials and an original design solution.



EXPECTED RESULTS OF THE PROJECT

3. The material and technical base of the school dining hall will be updated and changed.

4.The quantitative and qualitative level of nutrition of students and employees of the gymnasium will increase.



EXPECTED RESULTS OF THE PROJECT

6. The level of positive perception by schoolchildren of life activities at the school, the effectiveness of education of all students will increase.

CONSEQUENCES OF THE OCCUPATION OF BOBRYK GYMNASIUM (KYIV REGION)
